

**Potter's Inn**  
**Soul Care Residency**

- **Target Residents:** The ideal candidates for the Soul Care Residency would be missionaries on furlough or leaving the field, pastor, ministry leaders and market place leaders in crisis or transition.
- **Purpose:**
  - Throughout scripture, God has taken people away for an extended time of rest, recovery, spiritual deepening and preparation for the next phase of life and ministry.
  - The residency program will provide a beautiful, safe and quiet place on 35 pristine acres in the Colorado Mountains to heal from past wounds and damage to their hearts, souls, relationships and vocations.
- **What is it?** The PI residency program would allow couples or an individual in a significant transition in life (missionaries back from the field, pastors in transition, couples in marital crisis) to have a safe place to:
  - Process their life and journey,
  - Become steeped in the rhythms of soul care,
  - Receive regular spiritual direction
  - Contribute to the needs of Aspen Ridge and the greater community.
- **Length of stay:** PI invites one or two couples to initially come and stay in one of the cabins for a minimum of 30 days with an option to extend their stay up to a maximum of 90 days. We believe this initial length of time will enable people to process their life more deeply and have an extended period of time (longer than a 5-day soul care intensive) to allow the seeds of transformation to begin to take root.
- **What will they do?**
  - Begin to live for an extended period of time in transformational rhythm
  - receive weekly spiritual direction and soul care with the PI staff
  - Provide property and guest care at Aspen Ridge
  - Participate on a weekly basis in a local mercy ministry in the area or the Springs (examples: food shelter in Divide, rescue mission in the Springs and/or start a spiritual formation group with college students in the area).
  - Pursue a “study program” for their stay including specific books to read and process, journaling around their unique soul journey, vocational longings and healing the wounds of the past.
  - Assist with any PI one-day retreats during their stay.
- **What will it cost?.** This fee will cover lodging, utilities, weekly spiritual direction and soul care with PI staff. This does not include food. Please contact our Office to work out details as a price is quoted per “residency” and depends upon the seasons of the year, etc.
- **Benefits of the Soul Care Residency**
  - Allows a safe place for couples/individuals to recover who are in transition and/or crisis needing extended soul care.
  - Extended time of renewal and spiritual direction
